Accordingly in this book, a number of the more significant disciplinary areas are analyzed in greater depth in order to ensure that readers gain a better appreciation of what participation means from these quite different contextual perspectives. Not only is there a range of different traditions contributing to the research and literature on the subject, there is also an extremely diverse sets of practices that congregate under the banner of participation. The handbook discusses various arguments and schools of thought about employee participation, analyzes the range of forms that participation... The Oxford Handbook of Organization Theory : Meta-Theoretical Perspectives (2005, UK-Trade Paper) at the best online prices at eBay! Free shipping for many products! This book provides a forum for leading scholars in organization theory to engage in meta-theoretical reflection on the historical development, present state, and future prospects of organization theory as a scientific discipline. The central question explored is the epistemological status of organization theory as a policy science. This is a meta-theoretical question; the object of analysis and debate in this volume is not a set of organizational phenomena, but organization theory itself. Start by marking “The Oxford Handbook of Participation in Organizations (Oxford Handbooks in Business and Management)” as Want to Read: Want to Read saving… Want to Read. The handbook discusses various arguments and schools of thought about employee participation, analyzes the range of forms that participation can take in practice, and examines the way in which it meets objectives that are set for it, either by employers, trade unions, individual workers, or, indeed, the state. In doing so, the Handbook brings together leading scholars from around the world who present and discuss fundamental theories and approaches to participation in organization as well as their connection to broader political forces. The Oxford Handbook of Participation has been added to your Basket. Add to Basket. Buy Now. As a rich, contemporary, and relevant overview of the nature, importance and benefits of participation this book will be hard to beat. (Linda Holbeche, Developing HR Strategy Journal).
