This personal finance book has become a favorite among millennials for its simple and relatable language. It touches on all of the unique challenges of today's young adults, from living with your parents in your 20s, to dealing with student loan debt, to dealing with the overlap of friendships and finances. Another great book for beginners, "The Financial Diet" lays a groundwork for anyone wanting to learn more about money and life. Personal finance expert Ramit Sethi has been called a "wealth wizard" by Forbes and the "new guru on the block" by Fortune. Now he’s updated and expanded his modern money classic for a new age, delivering a simple, powerful, no-BS 6-week program that just works. ...more. In Rich Dad Poor Dad, the #1 Personal Finance book of all time, Robert Kiyosaki shares the story of his two dad: his real father, whom he calls his "poor dad," and the father of his best friend, the man who became his mentor and his "rich dad." selling personal finance book author, syndicated columnist, and speaker. He is also the author Lessons from the Great Depression For Dummies (For Dummies (Business & Personal Finance)). 292 Pages 8.09 MB 9,215 Downloads. Personal Finance: An Encyclopedia of Modern Moneys Management is written to equip todays high Can't find what you're looking for? Try pdfdrive:hope to request a book. Previous. 1. These 8 personal finance books can help you get started on your journey into personal finance. If personal finance is new to you, then you might want to check out the 1997 classic, "Rich Dad, Poor Dad." This tome tells parables about personal finance while advocating for real assets and investments, including real estate. It doesn't tell you how to build wealth while avoiding Starbucks and fast food, but how to build successful businesses that will create passive income for you. Below are the five personal finance books I recommend reading to create this kind of autodidactic "curriculum" for yourself. Together they'll go a very long way in helping you get a handle on your finances and master your money. It's more of a personal finance reference book than an advice book (though it also contains plenty of advice).
