The Ladakh Chronicles, or La-dvags-rgyal-rabs (Tibetan: ལ་དབྱངས་རྒྱལ་རབས, Wylie: La dwags rgyal rabs), is a historical work that covers the history of Ladakh from the beginnings of the first Tibetan dynasty of Ladakh until the end of the Namgyal dynasty. The chronicles were compiled by the Namgyal dynasty, mostly during the 17th century, and are considered to be the main written source for Ladakhi history. Ladakh (“land of high passes”) is a region in northern India. It is located between the Kunlun mountain range in the north and the main Himalayas to the south. Ladakh is well-known for its remote mountain scenery. It is inhabited by a mix of Indo-Aryan and Tibetan people. Their language is an archaic dialect of the Tibetan language. It is sometimes called “Little Tibet”, because it has been strongly influenced by Tibetan culture. Ladakh is one of the least populated regions in the area. Ladakh book.
