Dialogue as a Means of Collective Communication offers a cross-disciplinary approach to examining dialogue as a communicative medium. Presented in five parts, the book takes the reader on a journey of exploring the power and potential of dialogue as a means for communication. In particular, this volume comes at a time when the global society's attention has been directed to creating more productive conversations in the name of world peace and harmony. About this book. Dialogue as a Means of Collective Communication offers a cross-disciplinary approach to examining dialogue as a communicative medium. Presented in five parts, the book takes the reader on a journey of exploring the power and potential of dialogue as a means for communication. In particular, this volume comes at a time when the global society's attention has been directed to creating more productive conversations in the name of world peace and harmony. It provides a unique new work on dialogue that brings the reader into a "dialogue with dialogue"; offering an op No one doubts the meaning of communication in a foreign language in the life of modern society. The current international situation has predetermined the direct implementation of economic, political and scientific-technical ties, accompanied by significant growth and expansion of cultural and business contacts. Article deals with the issues of organizing communication in foreign language classroom. Communication is the basis of human existence. Based on this situation, a dialogue is possible, including tips to look under the bed, in the closet, etc., as well as questions and answers that clarify the appearance of the missing book. But, in order to approach this situation, a lot of work in the lesson on vocabulary and grammatical structure is there / there are.
